

Hotel Villa Franca Positano

“ *The most privileged way to discover the Amalfi Coast's jewel: through an immersive art experience* ”

A theme of comfort and sophistication runs through this elegant boutique hotel. Harmonising a private art collection at what has been the private residence of third-generation hoteliers, offering a modern design flair with neutral colour palette and heavy beams. Offering the most extraordinary views – nestled high up on Positano's cliff-side – all rooms have balconies and terraces with sea views with each of the suites decoration dedicated to one of the owner's favorite contemporary artists. Le Galli restaurant is led by Chef Savio Perna and through a collaboration with multi-Michelin-starred Chef Nino di Constanzo, and features local produce and recipes that juggle with Mediterranean inspirations and more inventive creations. The hotel also offers an al fresco rooftop restaurant and a Krug champagne bar. You are welcomed as a family member with a personal attention at every detail.
